My promise:

As the owner of a small home-based business my aim is only to stay afloat during these uncertain times, and not to take advantage of current circumstances. I will as far as possible keep all prices as low as possible. However, please keep in mind that I am not a massive retail outlet, therefore I do not have the enormous buying power that they have. Prices will differ from retail outlets; some may be less, and some may be more.

All preventative measures will be taken to prevent the spread of the virus. I work alone, thus ensuring absolute minimal human contact with products.

I am registered with the city of Cape Town and I am in possession of a current Certificate of Acceptability for Food Premises. Although I do not encourage leaving your home unnecessary, you are more than welcome to visit my premises to put your mind at ease. Keeping in mind that I will enforce strict health and safety procedures.

I encourage everyone to add one or two extra essential items to their orders for the distribution to those who will not be able to feed their families during these times. I am also partnering up with Nicky from Crofter's Kitchen to supply daily cooked meals to those who need it most. Suggestions are welcome.

We are all going to take a knock, but we are an amazing community that has always stood together in challenging times. Let's not forget!

Thank you for your support.
