

19 APRIL 2021

Dear Resident,

EVERGREEN HEALTH (PTY) LTD – MANDATORY REGISTRATION FOR VAT

It has been an exciting period since Evergreen Health started taking over health care services from Unique Health in 2019. Despite the challenges that COVID has presented us, the initial uptake has exceeded our expectations. I would like to take this opportunity to thank you for your continuous support.

As a business we have grown to the point where our turnover has exceeded R1 million per annum. Whilst this is a very positive milestone to reach, it does trigger a statutory requirement to register the business for VAT. With effect from 1 April 2021, we are required to pay SARS 15% on all our turnover.

Typically, when a business registers for VAT it passes the additional 15% onto its customers, however to do this would not form part of our “Partnership for Life” promise as well as one of our key pillars being “Financial Piece of Mind”. Therefore, we have made the decision to absorb as much of the additional VAT as possible.

To this extent we are able to absorb all of the additional VAT on consumables which will result in prices being kept the same, and 5% of the VAT on Home Care Procedures and Frail care, which will result in a 10% price increase.

I refer you to the attached appendix for the VAT Inclusive Home Care and Frail Care Prices.

We have investigated a myriad of different options to ensure the least impact on our residents. I would once again like to remind you to please complete and submit your debit order authorisation forms for ease of settling your monthly accounts. We remain focused on our commitment to provide the highest level of Continuous Care to all residents and would like to thank you for your understanding in this matter.

Kind regards

Dylan Pienaar
Financial Director

EVERGREEN HEALTH - HOME CARE TARIFF LIST

Effective Date: 1 April 2021

ITEM	PRICE (INCL VAT)
