NOTICE TO RESIDENTS AND SERVICE PROVIDERS: ACCESS CONTROL AND DOCUMENTATION REQUIREMENTS

Dear Residents and Service provider,

In light of planned national protest action scheduled for 30 June and as part of our ongoing commitment to maintaining the safety, security, and regulatory compliance of our villages, we would like to highlight access control measures relating to Village access for foreign nationals.

As per security protocols, a zero-tolerance approach will be taken regarding the verification of all individuals entering our villages in a working capacity. This requirement applies to all contracted service providers, contractors, private domestic employees, caregivers, gardeners, maintenance personnel, and any other workers engaged by residents or third parties to perform services on Evergreen sites.

With immediate effect, all non-South African nationals who require access to any Evergreen Village for employment or service-related purposes must have valid supporting documentation on record with Village Management before access will be granted.

The required documentation may include:

- A valid passport **with** Work Permit included;
- Valid asylum seeker or refugee documentation;
- A valid passport **with** Visa authorising employment within South Africa;

Residents who employ or make use of the services of foreign nationals are requested to submit the relevant documentation to Village Management as soon as possible to avoid any disruption to access arrangements.

Please note that individuals who are unable to provide the required documentation, or whose documentation cannot be verified, will be denied access to the village until such time as the necessary information has been received and reviewed.

These measures are being implemented solely to ensure compliance with applicable legislation, to support the safety and security of our communities, and to maintain accurate records of all individuals accessing our villages.

We appreciate your cooperation and understanding as we continue to take proactive steps to protect our residents, staff, and service providers.

Should you have any questions regarding these requirements, please contact Village Management.

Kind regards,

Stephan Lloyd
General Manager
