

COVID-19 CLINICAL SCREENING PLAN

1. If you are worried about symptoms of coronavirus:

Call Evergreen health Clinic on **Ext 176 (H1 – 67 & All Apartments)**
Ext 9176 (H68 – 110)

Evergreen Health Emergency number **021 709 0062**

2. The nurse will ask you about:
 - A) Your symptoms (cough, fever, sore throat, breathing difficulties)
 - B) Your recent history of travel or contacts with travellers in the last 14 days
 - C) Direct contact with someone who has been diagnosed with Corona virus/CoVID-19 in last 14 days
3. The nurse may come to your unit, request that you wear a mask and take your temperature.
4. The nurse will contact the provincial or national hotline to establish if you meet the case definition criteria for corona virus disease (COVID-19).
5. The nurse will then arrange for you to be seen at the relevant emergency centre. This does not replace review with your general practitioner if you are concerned about your health. After these screening you can contact your general practitioner and enquire about your concerns.

REMEMBER

Avoid crowds and practice social distancing (1.5 m), practice respiratory and hand hygiene, stay at home and avoid public places, and don't touch your face (nose, mouth and eyes).
