## EVERGREEN LIFESTYLE VILLAGES

Dear Residents,

Douglas Murray Home for the Aged (DMH) is a residential care facility to approximately 70 elderly and frail residents on a 24/7 basis. The vision for DMH is to operate and maintain a frail care facility where care is delivered by trained staff and characterized by quality and affordability with compassion, dignity and respect for all.

On behalf of the Board, Management and Residents of DMH we would like to express our sincere gratitude for the positive impact and change that you have made in supporting our service to the Aged.

We appreciate your kind donation of Christmas gifts for our residents.

Your support makes a significant difference in our service to the Aged.

With thanks and appreciation,

Megan Schilder
