

5 August 2022

Dear Resident,

Annual Council Rates and Utility Increase.

After a delay from the various councils, we have now received confirmation on the updated rates and utility increases.

The tariff increases are effective 1 July 2022 and will be sent out at the end of August with the September levy statements.

It will reflect on your levy statement as a debit and credit entry for the months in arrears.

This is consistent with how we have applied these increases in prior years.

The actual percentage increases differ between the various councils and therefore it is not included in the letter but made available to you via the Village Managers office.

Kind Regards

Garry Reed
