

# KINESIOLOGY PRESENTATION

WEDNESDAY 5 JULY - 15H00  
LARGE TV AREA

Kinesiology is a non-invasive, energetic health science. It merges ancient Eastern and modern Western health modalities with the aim of improving well-being and can comfortably co-exist with conventional medical treatment.

As a certified Kinesiologist, Jutta aims to balance the physical, mental, emotional and energetic systems of a person towards more optimal function. She will offer some insight on how this gentle approach works.

Come and find out more. We invite you to attend this presentation to learn how this treatment can assist you to increase your well-being.
