

Circular 010/2025

19 March 2025

Dear Resident

HARMONY AND GOOD RELATIONSHIPS

It has come to my attention that there have recently been a few incidents in the Gym between residents and various exercise classes.

I would like to reiterate that the maintaining amicable relationships between residents is of utmost importance, to ensure that a harmonious lifestyle is achieved in our community.

Gyms act as community hubs, promoting health and fostering social connections.

Sometimes this means that others can't use this space for an hour or two and having respect for other people and to place their needs above your own to maintain peace and a sense of neighbourliness.

I hope that I can count on everyone to have this respect for each other in our Village.

Yours sincerely,

Christine Dempers
Village Manager - Evergreen Muizenberg
