

LIBRARY REPORT : May - June 2025

The Library is very busy and we seem to have increased readership as the months go by. We are delighted to welcome DEE MOON who has joined us to assist keeping the Library up-to-date with the ever-increasing number of new books we are happily receiving from the residents.

THANKS - Special thanks to Collyeen Sinclair and Frankie Stafford for their regular donations of new books. Further thanks for the many residents who constantly give us books from their homes and from book clubs.

PHOTOS - For your interest, we photograph all current dated books donated or bought, so you are kept up-to-date of these new arrivals. The photos are displayed above the desk area and when new posters are put up then those taken down are filed in the blue folder on the table. Keep looking out for these books or check on the shelves.

MISSING BOOKS - Attached to the report is a list of books which we haven't seen on the shelves or have not been returned for some considerable time. We ask that you check the list. If you have one of these or lent to someone else, please will you let one of us know that it will be read and returned shortly. Unfortunately some of the books appear to have been "lost" which is sad as most on the list are excellent reads. If perhaps one of your family members or friends have borrowed a book from you, please see that it is returned to the Library asap.

THE RAFFLE (or Raffles) – We were delighted to have had an amazing response for donations for the raffles. We displayed these whilst selling tickets, the following:
