

Entertainment and Activities July Report.

The knitted Beanie drive brought in just under 1000 beanies, from the Evergreen knitters across the villages, which were distributed to cold eared children in various groups.

Another successful Darling Wine tasting outing went off well and this will be an ongoing activity as we have had such positive feedback for the last 2.

The scone special Wednesday continues to be supported and we even slipped in a low key "Christmas in July" for those who needed an excuse for a fun evening's dinner with friends.

July was also a busy month with 67 min for The Mandela chop & Peel-a-thon of vegetables that were then sent off to a soup kitchen for cooking and distribution. 140 Kg of soup ingredients were chopped and we even had a "chop- off "as 3 teams were so close in the amount of veggies chopped. Well done to the "Naughty Choppers" who were the winning team in the end!

Laubi's music evening was again a wonderful success with various musical pieces floating over us for 2 ½ hours.... What a delight.

The upcoming social dinner and pub night is on the horizon to keep the "geseliheid" going during these otherwise cold, indoor nights.... Nothing that a good glass of red wine could not fix 😊
