

RESCOM 2026/2027 NOMINATIONS

DEIRDRE LYNN MOON, Born 1957 and married to Chris Moon.

I am a mother of two boys with one grandson. I am however, also stepmother to three and step-granny to six! If that hasn't equipped me to deal with life's challenges, nothing will!

After leaving school, I joined the SA Reserve Bank, where I worked in various departments before leaving in 1981 to become a stay-at-home mom which I did for six years. In 1987, I was offered a six-week contract and the chance to earn "some pocket money" — at Yardley Cosmetics. Those six weeks turned into 23 years, so I guess you could say it was a good fit!

My position as Sales Administration Manager required me to wear many hats, as my responsibilities were wide and varied. Amongst other things, I was responsible for:

- Managing budgets & expenses for five sales regions as well as the Training Division
- Managing salaries and commission payouts for retail store consultants
- Designing quarterly brochures and an ordering system for the mail-order department
- Organising the annual sales conference and gala evening
- Organising four roadshows a year across five venues around the country

In December 2023 Chris and I moved from Marina da Gama to Evergreen and have loved it from day one! We have made wonderful friends and enjoy taking part in many of the social events and activities.

I am an avid reader and love knitting and crochet, so I'm naturally a little sedentary by nature! I stay active with twice-weekly stretch classes and walks around the village when the weather is kind.

I am level-headed, organised and able to work well in a team - as a typical Taurean, there is no hidden agenda — "what you see is what you get!"

DEE MOON

I am a retired Occupational therapist and Life Line councillor, and my late husband and I moved to Evergreen Village in 2021.

I have always been an enthusiastic gardener, and have been involved in the running of several Garden Clubs in the Peninsula.

For many years, while living in the Marina da Gama, I was a member of the Marina executive committee and together with the City parks department was involved in the maintenance of the public parks and gardens there. From that experience I learned the importance of having a practical, long-term approach to the landscaping and management of public areas within such a large development, and also the need to take the concerns of all who live and work there into consideration.

I have held the Gardening portfolio on the Rescom committee for the last three years and am happy to serve one more term.

TONI JOUBERT

RESCOM 2026/2027 NOMINATIONS

LAUBI WALTERS

Born in 1945 in Middelburg Cape, in the Karoo, and matriculated at the local high school, Laubi studied at the University of Pretoria, qualifying as a medical doctor six years later. He met Christi when they were both 17 and got married seven years later. They have been blessed with three sons and four grandchildren as well as an enduring passion for classical music.

Professionally Laubi worked 10 years as a general practitioner, ten years as an academic researcher and teacher at Pretoria and Cape Town Medical Schools and thirty-two years managing healthcare standards, systems, analyses and relationships in the public and private sectors.

Experience gained and lessons learned include an understanding of applying evidence based medical knowledge as well as the exceptional value of a deep concern for people's well-being.

HUGH TILL

Born in Sea Point, Cape Town and grew up in Fish Hoek area and surrounds. I matriculated at Wynberg Boys High, 1964.

Married to Lynda and together have two daughters, Serena Melody and Honey-Anne and three grandchildren

I have served on a number of Committees over the years, ie: Fish Hoek Pre-Primary, MZB High School.

More recently Evergreen Muizenberg, Rescom Member, finance and catering, 2021 - 2022, Rescom Vice Chairman 2022-2023 and Rescom Chairman 2024-2025 & 2025-2026

I enjoy photography, chess and playing pool.

RESCOM 2026/2027 NOMINATIONS

ROD STEWART

ROD STEWART grew up in Johannesburg and attended Kind Edwards School. He had the title of Professor of Cinematography conferred upon him by the Cape Technicon in 2005. He has been Director of Photography on more than sixty international feature films, winning international awards for much of his work.

For over twenty years, he and his wife, Melanie, ran a film production company, Rod Stewart Productions (PTY) Ltd., in Johannesburg, making commercials, documentaries, programmes for television and training films. In 2001, Rod transferred to Cape Town as General Manager of Movie Camera Company, and then to Cinegate, also as Managing Director, to improve these companies' positions in the cinematographic market.

He retired from Cinegate to lecture at film schools, universities, Technikons, and Orms. He has continued to freelance in the industry since then. In 2023 he ran a course in Lusaka, for Multichoice, for post-graduate students from Southern and Central Africa. Rod also handles international lighting workshops, run by Kodak, the purpose of which has been to introduce video cameramen from the African continent to film and film technology, in Lusaka, Lagos, as well as Johannesburg and Cape Town. Rod is past president of both the South African Film and Television Technicians' Association (SAFTTA), and the South African Society of Cinematographers (SASC). For five years Rod was Chairman of the Consultative Committee (a body advising the Department of Home Affairs on the granting of international work permits for people in the entertainment industry).

More recently Rod has served on the Muizenberg Rescom for 2025/2026 with the finance portfolio.
